

Engineering Intern for Summer 2026

Bellevue, Washington (On-Site)

Hourly Pay Range: \$20/hr - \$30/hr

Concord Engineering is a growing transportation and electrical engineering firm based in Bellevue, Washington. Our mission is to provide clients with creative and innovative solutions for building safe, efficient, and sustainable transportation and electrical systems.

Position Overview

We are seeking a motivated Engineering Intern to join our team for the summer of 2026. This role offers hands-on, practical engineering experience, and the opportunity to contribute to meaningful projects.

Responsibilities include, but are not limited to:

- Conducting site visits to collect data from the field
- Assisting with illumination analysis and design for roadway and parking facilities
- Assisting with engineering plans development using AutoCAD or MicroStation
- Assisting with the development of operations and simulation models for multimodal corridor studies
- Performing other qualitative, technical, and analytical tasks as needed

Qualifications:

- Pursuing a Bachelor's or Master's degree in Civil, Electrical, or related Engineering fields
- Some experience in the Transportation Engineering industry preferred
- Familiarity with industry software (GIS, CAD, MicroStation, Synchro, Vissim, SIDRA) is a plus
- Ability to work both independently and collaboratively in a team environment
- Strong analytical, problem-solving, and communication skills.
- Eagerness to learn, take initiative, and adapt to new challenges
- Must possess a valid Washington state driver license and be able to perform field work
- Must be able to work full-time on site

How to Apply:
