

Transportation Engineer – Senior Level

Concord Engineering is a growing transportation and electrical engineering firm located in Bellevue, Washington and Dallas, Texas. Our primary goal is to provide our clients with creative and innovative solutions to build safe, efficient, and sustainable transportation and electrical systems.

We are seeking a highly motivated Senior Transportation Engineer to join our dynamic team. Concord offers an environment that fosters professional and intellectual development, encourages innovation and creativity, and rewards success and teamwork. If this environment seems like a fit for you, we would love to talk to you about joining our team!

Responsibilities include, but are not limited to:

- Project management including technical and managerial aspects of the projects and interacting with clients.
- Leading the traffic design that includes signal, lighting, channelization, traffic control, maintenance of traffic (MOT), signing, and ITS.
- Mentoring of junior staff to enhance their skills and advance their professional growth.
- Writing proposals and supporting corporate marketing efforts.

Required Qualifications:

- WA Professional Engineer (PE) license in Civil Engineering or eligible to obtain WA PE through WA comity licensure provisions.
- Bachelor's degree in Transportation Engineering or Civil Engineering.
- 8+ years of progressive experience in designing traffic signal, ITS, lighting, traffic control, and channelization, and signing.
- Highly organized and demonstrated experience in managing concurrent projects. This includes not only managing the technical project tasks, but also the project budget, schedule, staffing, and project control processes.
- Ability to work independently and as part of a team.
- Exceptional verbal and written communication skills.
- An attitude and commitment to providing our clients with excellent customer service.

Preferred Qualifications:

- Master's degree in Transportation Engineering.
- PTOE certification.
- Familiarity with design standards and specifications of WSDOT, Sound Transit, King County Metro, City of Seattle, and other applicable local, regional and national standards and guidelines.
- Experience with a wide range of traffic operational software, such as Synchro, SIDRA, Vissim, Visum, EMME, and Dynameq.

Concord offers a competitive compensation and benefit package which includes medical, dental, disability and a company sponsored 401K plan.

Please submit resume to Jody.Paulson@concordengr.com using Senior Transportation Engineer in the subject line.

Concord Engineering is an equal opportunity employer.

Annual Salary Range: \$145,600 to \$180,000
